Simulation with I1 = 10 and I2 = 100
Primary infections I1, I2 to check overlap
Mean I1
Mean I2
Population
Time (days)
Secondary infections I12, I21 to check overlap
Mean I12
Mean I21
Population
Time (days)
All infections and recovered R1, R2
Mean I1
Mean I2
Mean I12
Mean I21
Mean R1
Mean R2
Population
Time (days)
